

CGEE 2024

Izmir, Turkey

August 24-26, 2024

CGEE 2025

August 23-25, 2025 | Zagreb, Croatia

Brief Introduction

The 2024 5th International Conference on Clean and Green Energy Engineering aims to bring together researchers, practitioners, and professionals from the industry, academia, and government to discuss the latest research and development, as well as professional practices in the field of clean and green energy engineering. The conference will be held in **Izmir, Turkey from August 24-26, 2024**, and will provide a forum for participants to share their original and high-quality contributions related to clean and green energy engineering, including theories, methodologies, and applications.

Hosted by the University of Zagreb and co-sponsored by the South Asia Institute of Science and Engineering, with patrons from Middle East Technical University and Kadir Has University, the conference is technically supported by the University of Brest, Zhejiang University and Aalborg University. The conference will play an important role in advancing the understanding of clean and green energy engineering, promoting interdisciplinary collaboration, and addressing the challenges associated with transitioning to sustainable and clean energy sources.

CO-SPONSORS

HOSTED BY

PATRONS

Paper Publication

Accepted and presented papers at the conference will be published in the proceedings of CGEE 2024 and included into IEEE Xplore, which will be sent to **El Compindex**, **Scopus** for indexing.

Publication History

CGEE 2023 Conference Proceedings was available in IEEE Xplore, to be indexed by **El Compindex**, and **Scopus**.

CGEE 2022 Conference Proceedings was available in IEEE Xplore, indexed by **El Compindex**, and **Scopus**.

Important Dates

Submission Deadline	Before April 30, 2024
Notification	Before May 25, 2024
Registration Deadline	Before June 15, 2024
Conference Dates	August 24-26, 2024

Submission Method

Online Submission System:
<https://cmt3.research.microsoft.com/CGEE2024>

☆If you encounter any issues with your submission, please contact the conference email.

Call for paper

Topics of interest for submission include, but are not limited to:

1. Clean and Renewable Energy Technologies

Clean Energy Systems and Technologies
Solar Energy Engineering
Biomass Energy Engineering
Wind Energy Engineering
Hydrogen and Fuel Cell
Nuclear Energy Engineering
Geothermal Energy
Ocean Energy
Photovoltaic Systems and Solar Thermal Energy
Smart Grid

2. Energy Storage and Saving Technologies

Energy Materials
Storage Technology
Energy-saving Technology
Energy Chemical Engineering
Energy-efficient Lighting Products and Technologies
Gasification
Green Energy Systems
Green Power Production and Cogeneration
CO2 Capture, Storage, and Utilization
Exergetic and Exergoeconomic Analyses
New Energy Applications
Energy Security and Clean Use

Delegate (without submission) Registration
